NEWS AND ALERTS

Flachsbarth Named KDOL Deputy Secretary

Kansas Department of Labor (KDOL) Acting Secretary, Delia Garcia, has selected KDOL Unemployment Insurance Director, Brett Flachsbarth, to serve as the Deputy Secretary for the agency. His appointment is effective immediately. [Read more.](#)

KDOL Works with McCownGordon to Create a Kansas Construction SHARP Pilot

The Kansas Department of Labor (KDOL) Industrial Safety and Health division (ISH) recognized McCownGordon Construction, LLC today for going above and beyond promoting and implementing best practices that promote a positive work environment while maintaining a high level of commitment to safety and health of all employees. [Read more here.](#)

Kansas Workplace Fatalities

Kansas had 74 fatal work-related injuries in 2016, according to the Census of Fatal Occupational Injuries (CFOI). The CFOI program is a national census conducted by the U.S. Department of Labor, Bureau of Labor Statistics (BLS) in partnership with the Kansas Department of Labor (KDOL), Division of Industrial

ABOUT US

Identifying safety hazards and helping Kansas businesses and public sector entities eliminate unsafe practices are the focuses of the Industrial Safety and Health Division (ISH). Helping Kansas workers avoid on-the-job injuries and providing a safe working environment is the ultimate goal of the division. These programs are promoted throughout the state, but sell themselves by word of mouth from satisfied employers.

PUBLIC SECTOR/STATE WORKPLACES

Get your Safety Program into SHAPE

The Division of Industrial Safety and Health recognizes safety conscience employers and employees in the public sector entities whose employees have not had a lost-time accident for a specific number of consecutive days.

Public Employer Services

City, county, municipal clerks and school superintendents may call our office and request information about public employer services. The unit monitors each public service on a regular basis. The unit has trained industrial hygienists on staff to help with sampling. The type of service will depend on the type of sampling requested or provided.

WORKPLACE SAFETY TRAINING

Check out a training video

Borrow training videos on safety and health issues.

Annual Safety and Health Conference

Topics cover a variety of workplace safety issues.

Accident Prevention

By law, Kansas workers compensation providers must provide safety services to those they insure. Self-insured employers and group-funded self-insurance plans need to file a year-end report.

Core Safety Guidelines

Basic rules for a safer workplace.

Steps to a Safe Workplace

Make your workplace safer and healthier.

Annual Safety and Health Conference

70th Annual - Oct. 1-4, 2019
Capitol Plaza Hotel - Topeka, Ks.

**SAFETY & HEALTH
CONFERENCE**

Interested in exhibiting?
Complete the form under Exhibit.

"Safety is not an object nor something you can measure! It's a culture, a value."

The Safety and Health Conference is one of the official resources from the Division of Industrial Safety and Health for emergency personnel, employers, employees, safety professionals, Private Industry (companies), Cities, Counties, School Districts and State Agencies. The four-day event begins with a two-day conference featuring the latest in regulations, changes, and highly anticipated exhibitors that display the latest in safety and health equipment and technology. The conference concludes with two-days of Professional Development Classes for Fire and Construction. Safety and Health Objectives are established for select conference sessions. Continuing Education is obtainable on a self-submittal basis.

KANSAS AMUSEMENT RIDE ACT PERMIT PROGRAM

Amusement Ride Permitting Program

All amusement ride owner registration and applications for amusement ride permits will be processed through the Amusement Ride Permitting Program.

On-Site Audit

An on-site audit may be conducted throughout the year to verify compliance with the Kansas Amusement Ride Act.

The following is required and shall be made available to the KDOL representative at the time of the on-site audit:

- the current certification of an inspector's qualifications to inspect amusement rides;
- the current certificate of inspection for each ride signed by a qualified inspector;
- daily maintenance and inspection records for each ride;
- the amusement ride manufacturer's operational manual for each ride;
- the amusement ride manufacturer's nondestructive testing recommendations for each ride;
- the amusement ride manufacturer's inspection guidelines for each ride;
- operator training records for each operator trained on each ride;
- report of Itinerary;
- written certification that the ride meets the applicable ASTM international F24 committee standards;
- insurance policy in effect at the time of operation of the amusement ride with certain coverage in place required by K.S.A. 40-4802;
- results of nondestructive testing for each ride.

Posted

- valid permit and inspection decal affixed to each ride;
- signage must be posted at the point of admission or ticket sale and at least two other locations in close proximity to the amusement ride explaining a patron's duty to report injuries;
- all safety instructions for the ride must be posted in plain view on or near the ride in a location where they can be easily read.

Division of Industrial Safety and Health

- K.S.A. 44-636
- the Kansas statute that gives the Secretary of Labor the authority to enter any public premises to ensure public employee safety.

Division of Industrial Safety and Health

- 785-296-4386
- The number to call if a public entity has an accident that results in a fatality.

Division of Industrial Safety and Health

- If you should have a fatality, we will investigate.

Division of Industrial Safety and Health

- If you should have a fatality, we will investigate.
- Otherwise, we inspect all public entities on a rolling schedule.

Division of Industrial Safety and Health

- If you should have a fatality, we will investigate.
- Otherwise, we inspect all public entities on a rolling schedule.
- Or you can request a visit.

Division of Industrial Safety and Health

- We will always call at least a week in advance to schedule our visits.

Division of Industrial Safety and Health

- We will always call at least a week in advance to schedule our visits.
- Inspections have two phases:
 - Administrative
 - Walk-through

Division of Industrial Safety and Health

- Administrative Phase

1. AP Data

- A. Number of employees

- B. Name of your Work comp Carrier

2. SHAPE Award

- A. Safety and Health Award for Public Employees

- B. The next session in this room will be all about SHAPE.

Division of Industrial Safety and Health

3. Review written programs

- A. Hazard Communication

- B. Emergency Action Plan(s)

- C. Bloodborne Pathogens

Division of Industrial Safety and Health

- Walk-Through Phase
 - We will want to see any and all areas where the employees work.

Division of Industrial Safety and Health

- Walk-Through Phase
 - We will want to see any and all areas where the employees work.
 - We will be looking for any direct or indirect hazards or safety issues.

Division of Industrial Safety and Health

- Walk-Through Phase
 - We will want to see any and all areas where the employees work.
 - We will be looking for any direct or indirect hazards or safety issues.
 - Any findings will be listed in a written report you will receive no more than 20 days after the inspection.

Division of Industrial Safety and Health

- Walk-Through Phase
 - We will want to see any and all areas where the employees work.
 - We will be looking for any direct or indirect hazards or safety issues.
 - Any findings will be listed in a written report you will receive no more than 20 days after the inspection.
 - You will then have 60 days to perform and report your corrective actions.

Item	Hazard Type	Standard	Correction Due Date
1	Serious	29 CFR 1910.305(b)(2)(i)	12/20/2019

Description: The electrical receptacle energizing the water fountain outside the Office was missing the cover plate.

Condition: All pull boxes, junction boxes, and fittings shall be provided with covers identified for the purpose.

Potential Effects: Electric shock, burns, or electrocution from contact with live parts.

Recommended Action: Have a qualified person replace the cover plate.

Describe Corrective Action Taken Below and sign/date

Replaced cover plate.

Signature: Type Your Name Title: Type Your Title Date Corrected: Type the Date

The following is a sample of the most common issues we see on almost every inspection.

16 – 29 CFR 1910.303(b)(1)(v) – 87 times

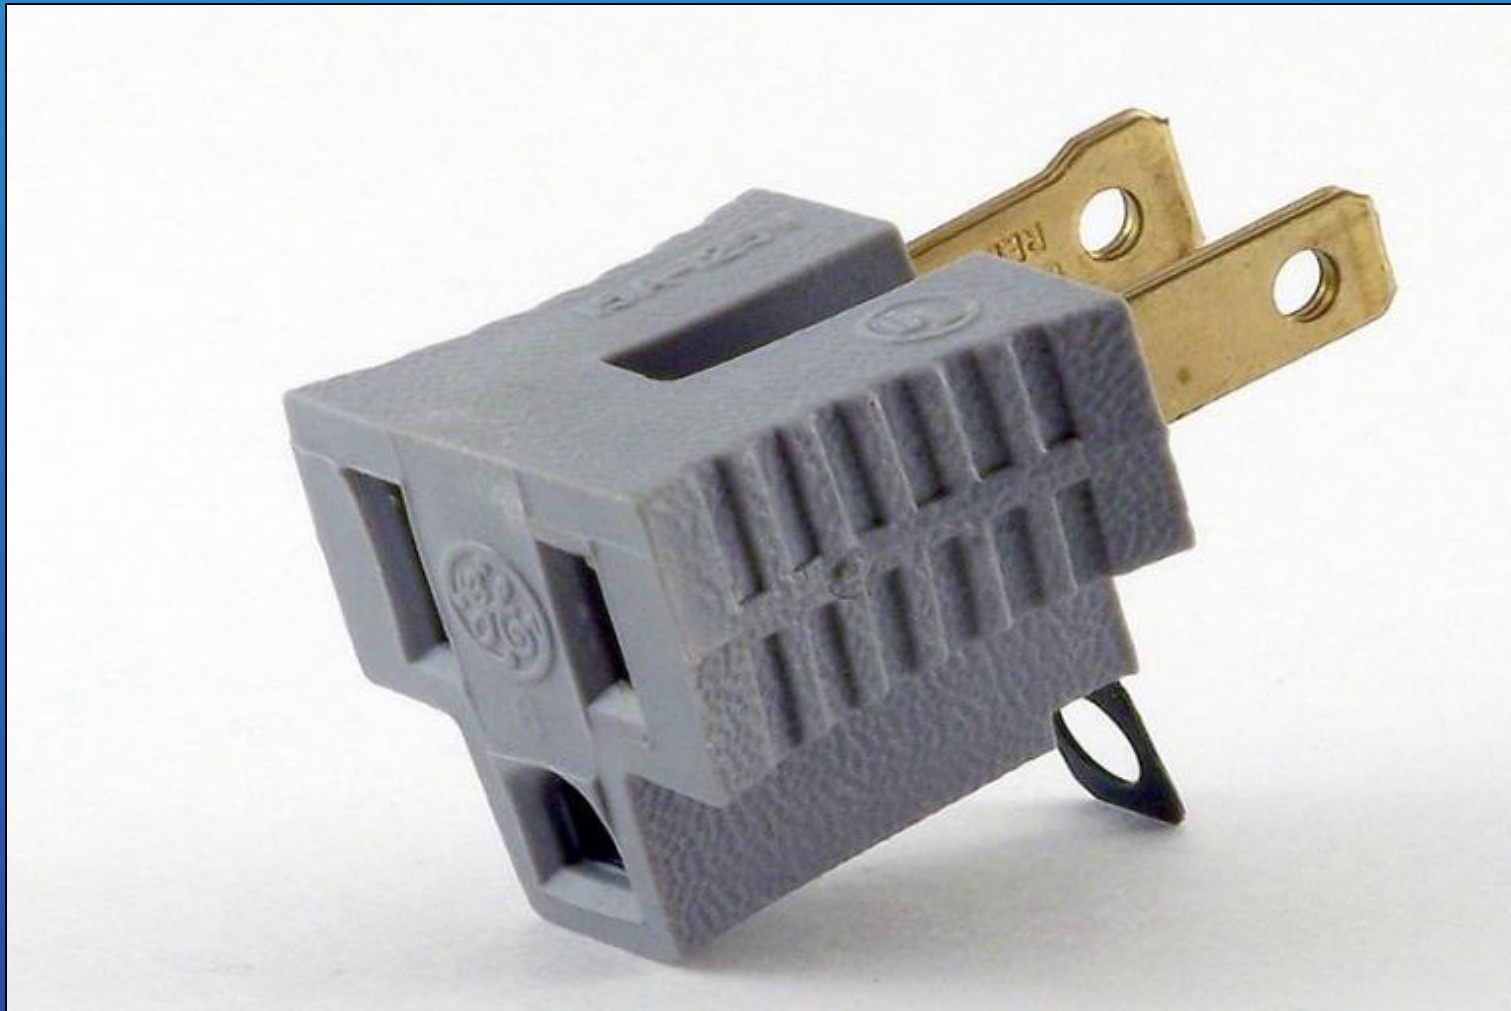

Rank – Standard/Regulation - Count

(4918 hazards in the last 12 months)

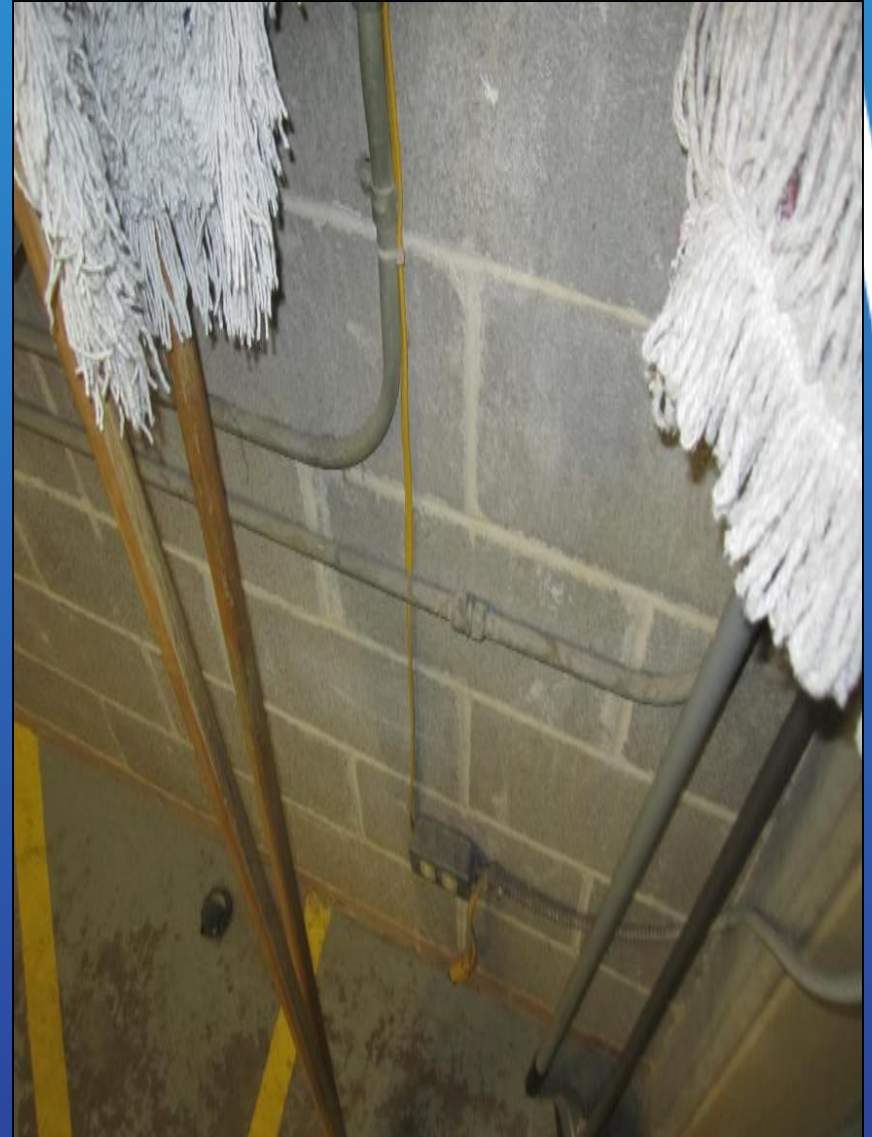

16 – 29 CFR 1910.303(b)(1)(v) – 87 times

Know The "PASS" System

P

PULL THE PIN.

A

AIM AT THE BASE OF THE FIRE.

S

SQUEEZE THE TRIGGER.

S

SWEEP SIDE TO SIDE.

**NOTE: Portable fire
extinguishers are
only effective on an
incipient fire, or one
that is non-structural
and in its early
stages.**
